WHAT IS CHATGPT?

Launched in November, 2022, ChatGPT is an AI chatbot developed by OpenAI, designed for natural language understanding and generation.

It builds on the large language models - GPT (Generative Pre-trained Transformer) family, with notable versions including GPT-3.5, GPT-4, and GPT-4-turbo. GPT-3.5 offers advanced text generation capabilities, making it useful for a wide range of applications.

HOW TO WRITE EFFECTIVE CHATGPT PROMPTS

More
important

1. Task

Clearly define your end goal

2. Context

Tailor your response

3. Examples

Mimic style, structure, tone

4. Persona

Embody a specific expertise

5. Format

Bullet points, markdown, table

6. Tone

Add layer of emotional context

Less
important

01. TASK

Clearly define your end goal

6-Step Prompt Formula

Simple task prompt

Generate a three-month diet plan for me.

Complex task prompt

Summarize the key takeaways from the user feedback for my newsletter, focusing on areas for improvement. Then categorize all remaining feedback by order of priority.

HINTS

Always begin with action verbs like **generate, write, analyze,** etc.

Be clear and concise ensure the model understand your requirement

02. CONTEXT

Tailor your response

6-Step Prompt Formula

- ? What is the user's **background**?
- ? What does **success** look like?
- ? What is the **setting/environment**?

Background

I'm a **250 pound male** aiming to **lose 20 pounds of fat in three months.**

▶ **I only have time to cook meals once a week on Sundays for 2 hours.**

Provide a three-month diet plan to help me meet my goals within these constraints.

Setting

Success

03. EXAMPLE

Mimic style, structure, tone

6-Step Prompt Formula

Simple task prompt allow ChatGPT to mimic a style, structure, and tone of anything.

You are a hiring manager in marketing team responsible for writing the job description for a marketing manager job opening. Your team primarily focuses on increasing brand awareness for Netflix's advertising platform to acquire new partners.

Draft the job description **using the format of this existing job description below: [paste example]**

Research shows that including examples can **significantly enhance the output quality.**

04.PERSONA

Embody a specific expertise

6-Step Prompt Formula

Persona is about embodying a specific character or expertise in ChatGPT.

FOR INJURY REHAB

You are a physical therapist specializing in athlete recovery. Generate me a 2-month program that helps me recover from my tennis elbow.

FOR JOB SEEKERS

You are a hiring manager at a Fortune 500 company. Ask me 20 questions to help me prepare for my future job interviews.

PRO TIP

You can get ChatGPT to respond as specific famous individuals.

Prompt example: **“Rewrite this blog post in the style of Eminem.”**

05. FORMAT

Bullet points, markdown, table

6-Step Prompt Formula

“ EXAMPLE: ANALYZING READER FEEDBACK

I've collected reader feedback for my newsletter after dozens of responses for improvements.

Out put in a table with headers: original feedback, priority, and level of difficulty.

Here's the feedback: [\[paste feedback here\]](#)

In addition to tables, other common formats the ChatGPT can generate flawlessly are **bullet points, email format, code blocks, paragraphs, and markdown.**

EXAMPLE OF TONES

- Use a **casual tone** of voice
- Use a **formal tone** of voice
- Give me a **witty** output
- Show **enthusiasm**
- Sound **pessimistic**

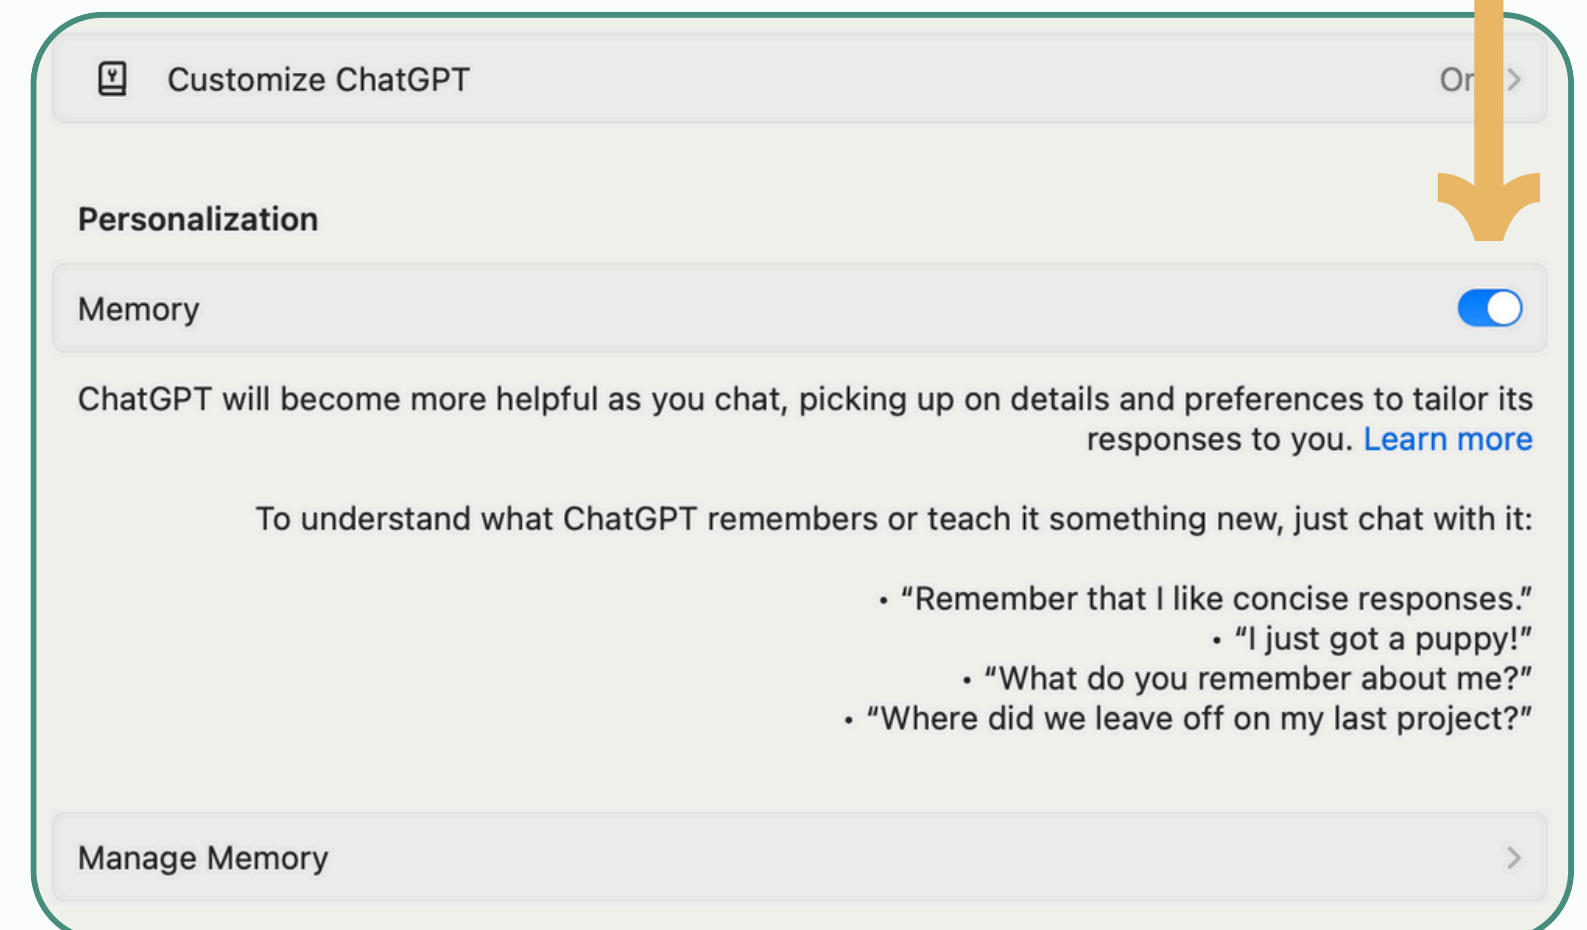

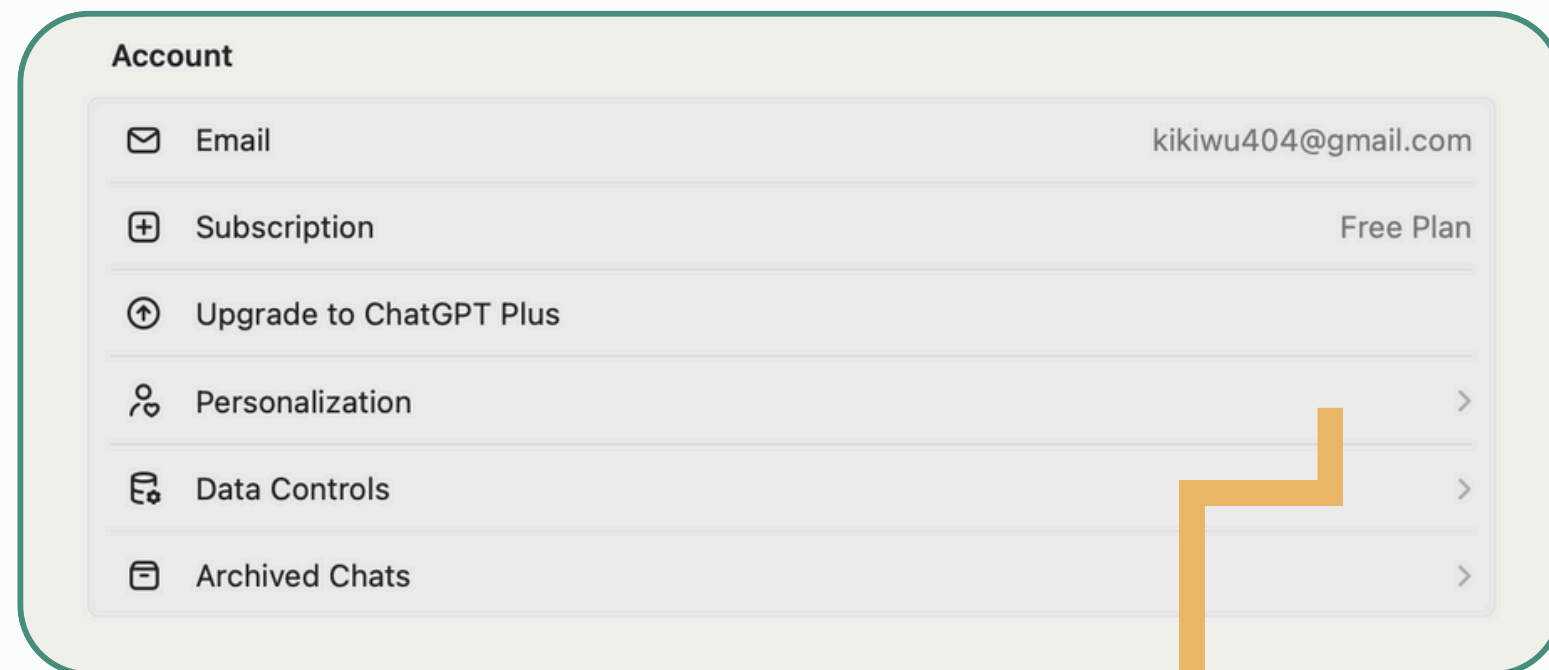

Tone adds a layer of emotional context to the response. It ensures that **the content meets your informational needs and resonates with the intended audience's emotions and expectations.**

PRO TIP: TURN ON MEMORY

Allow ChatGPT to remember details you share across different conversations, and **recall that information in future interactions** to provide more personalized and relevant responses.

Turn on
Memory

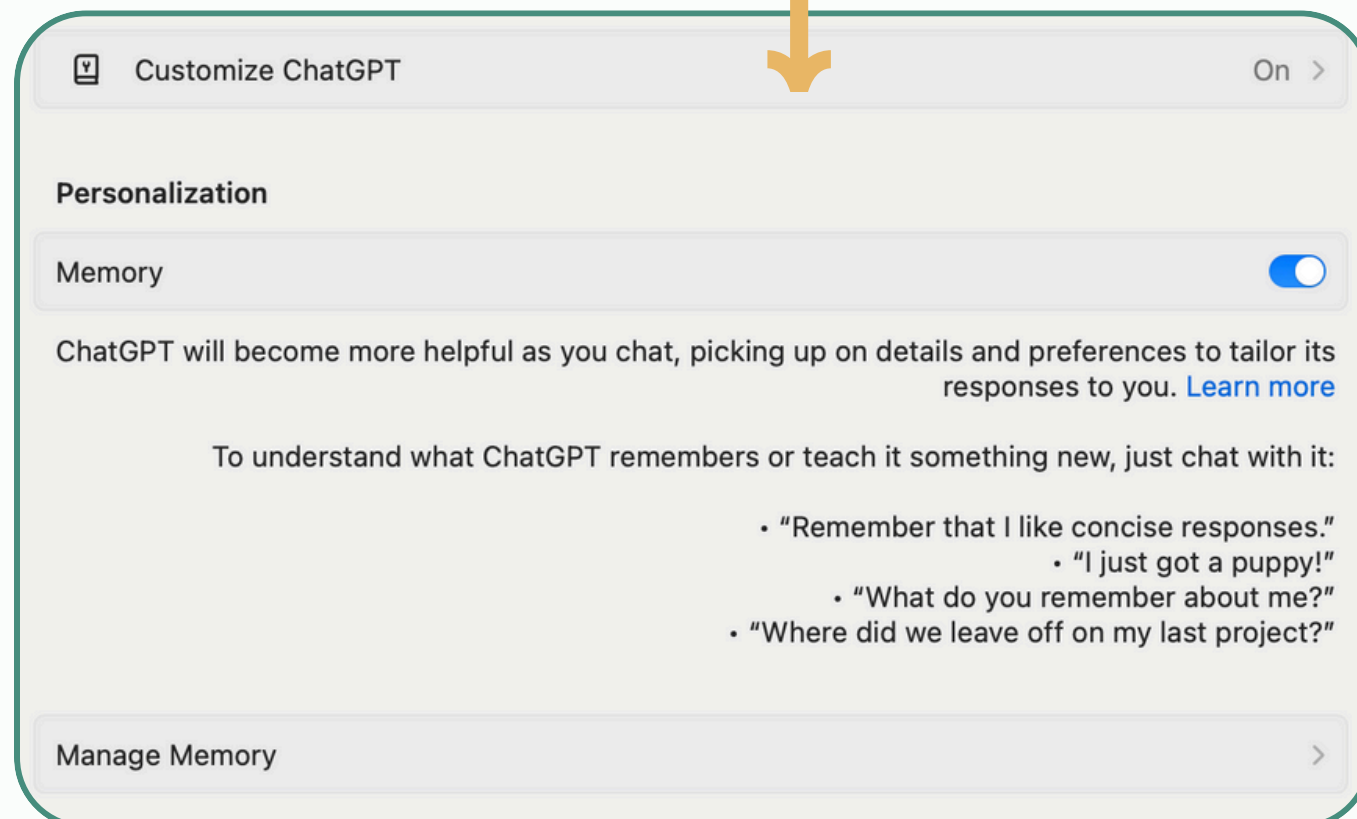

Go to **Settings**, and click **Personalization**

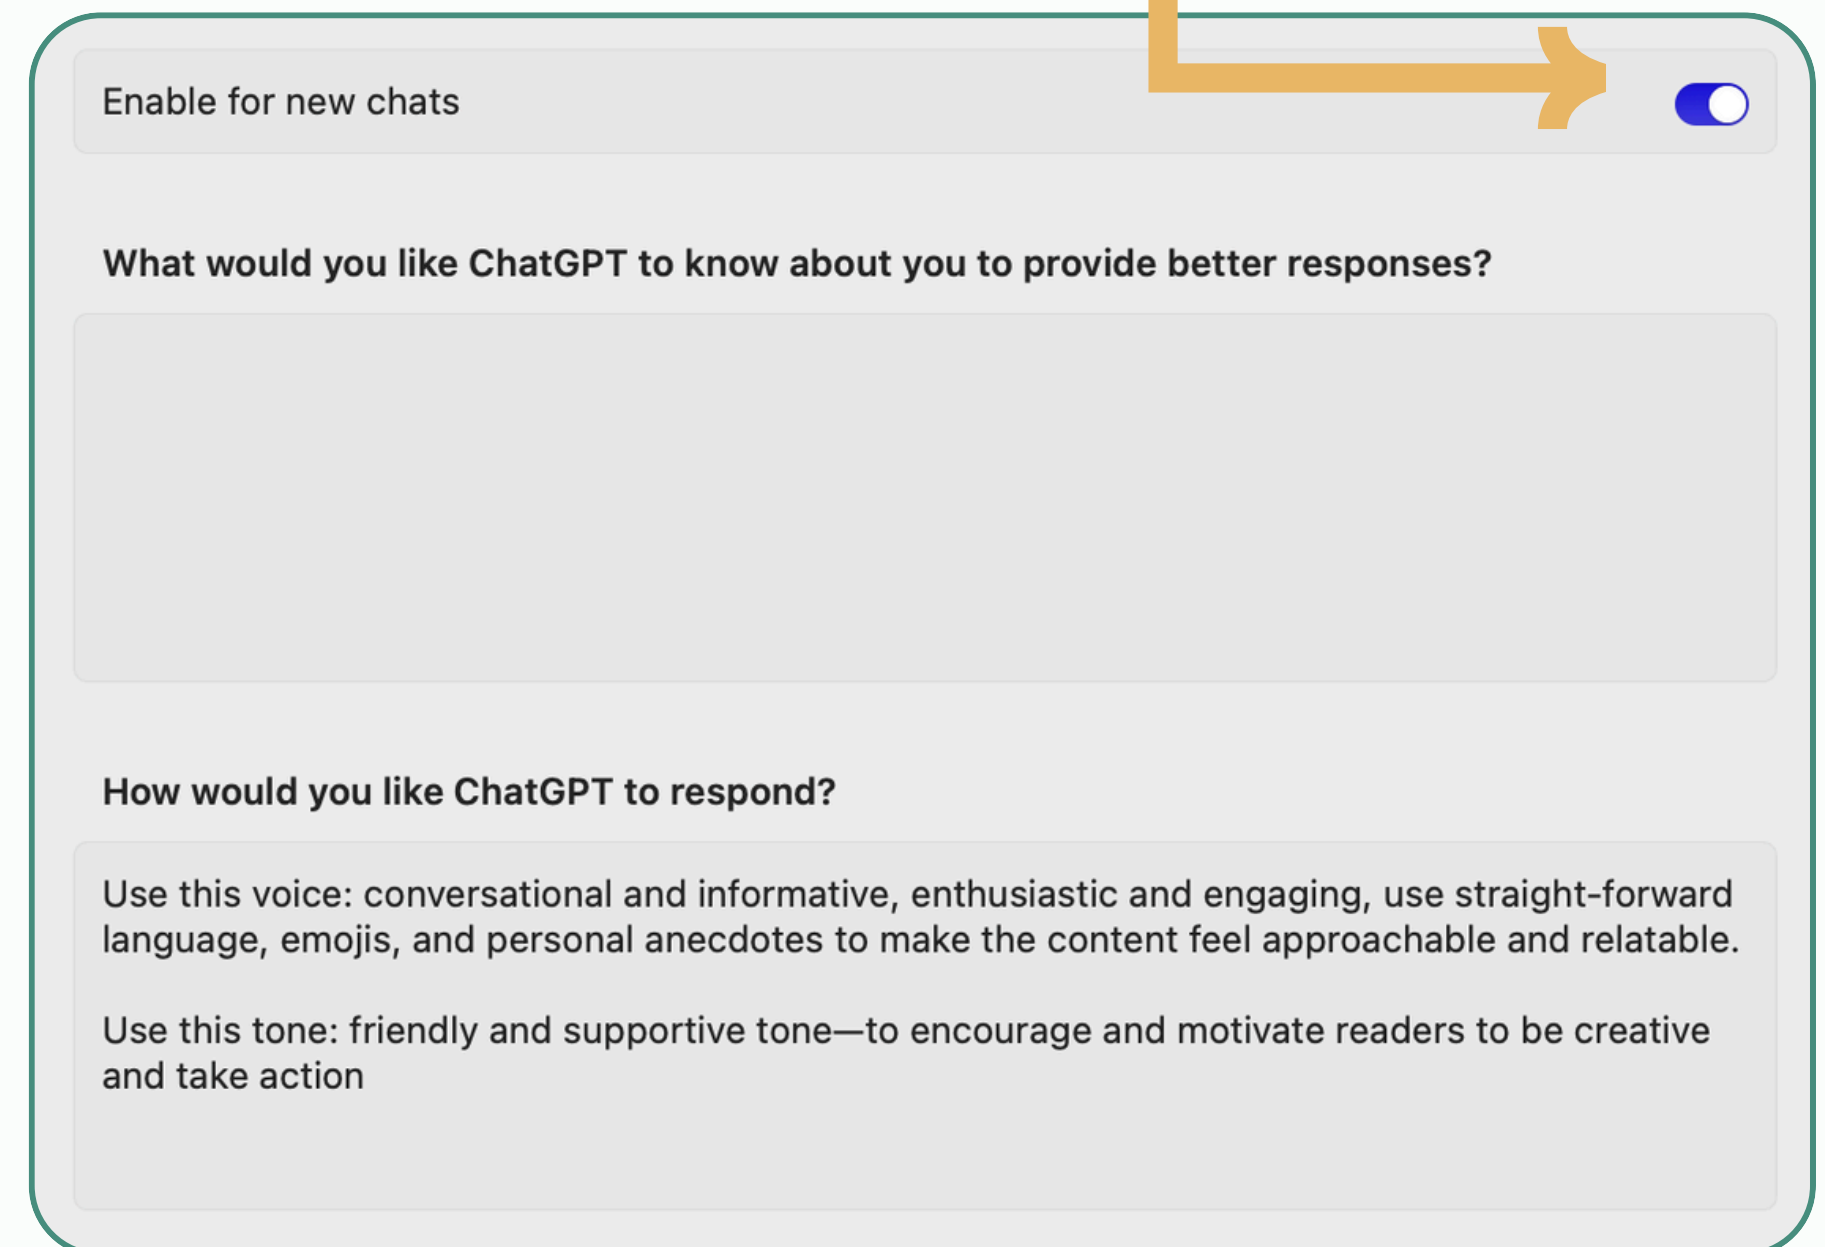

PRO TIP: CUSTOMIZE RESPONSE

Tailor ChatGPT's responses based on your preferences.

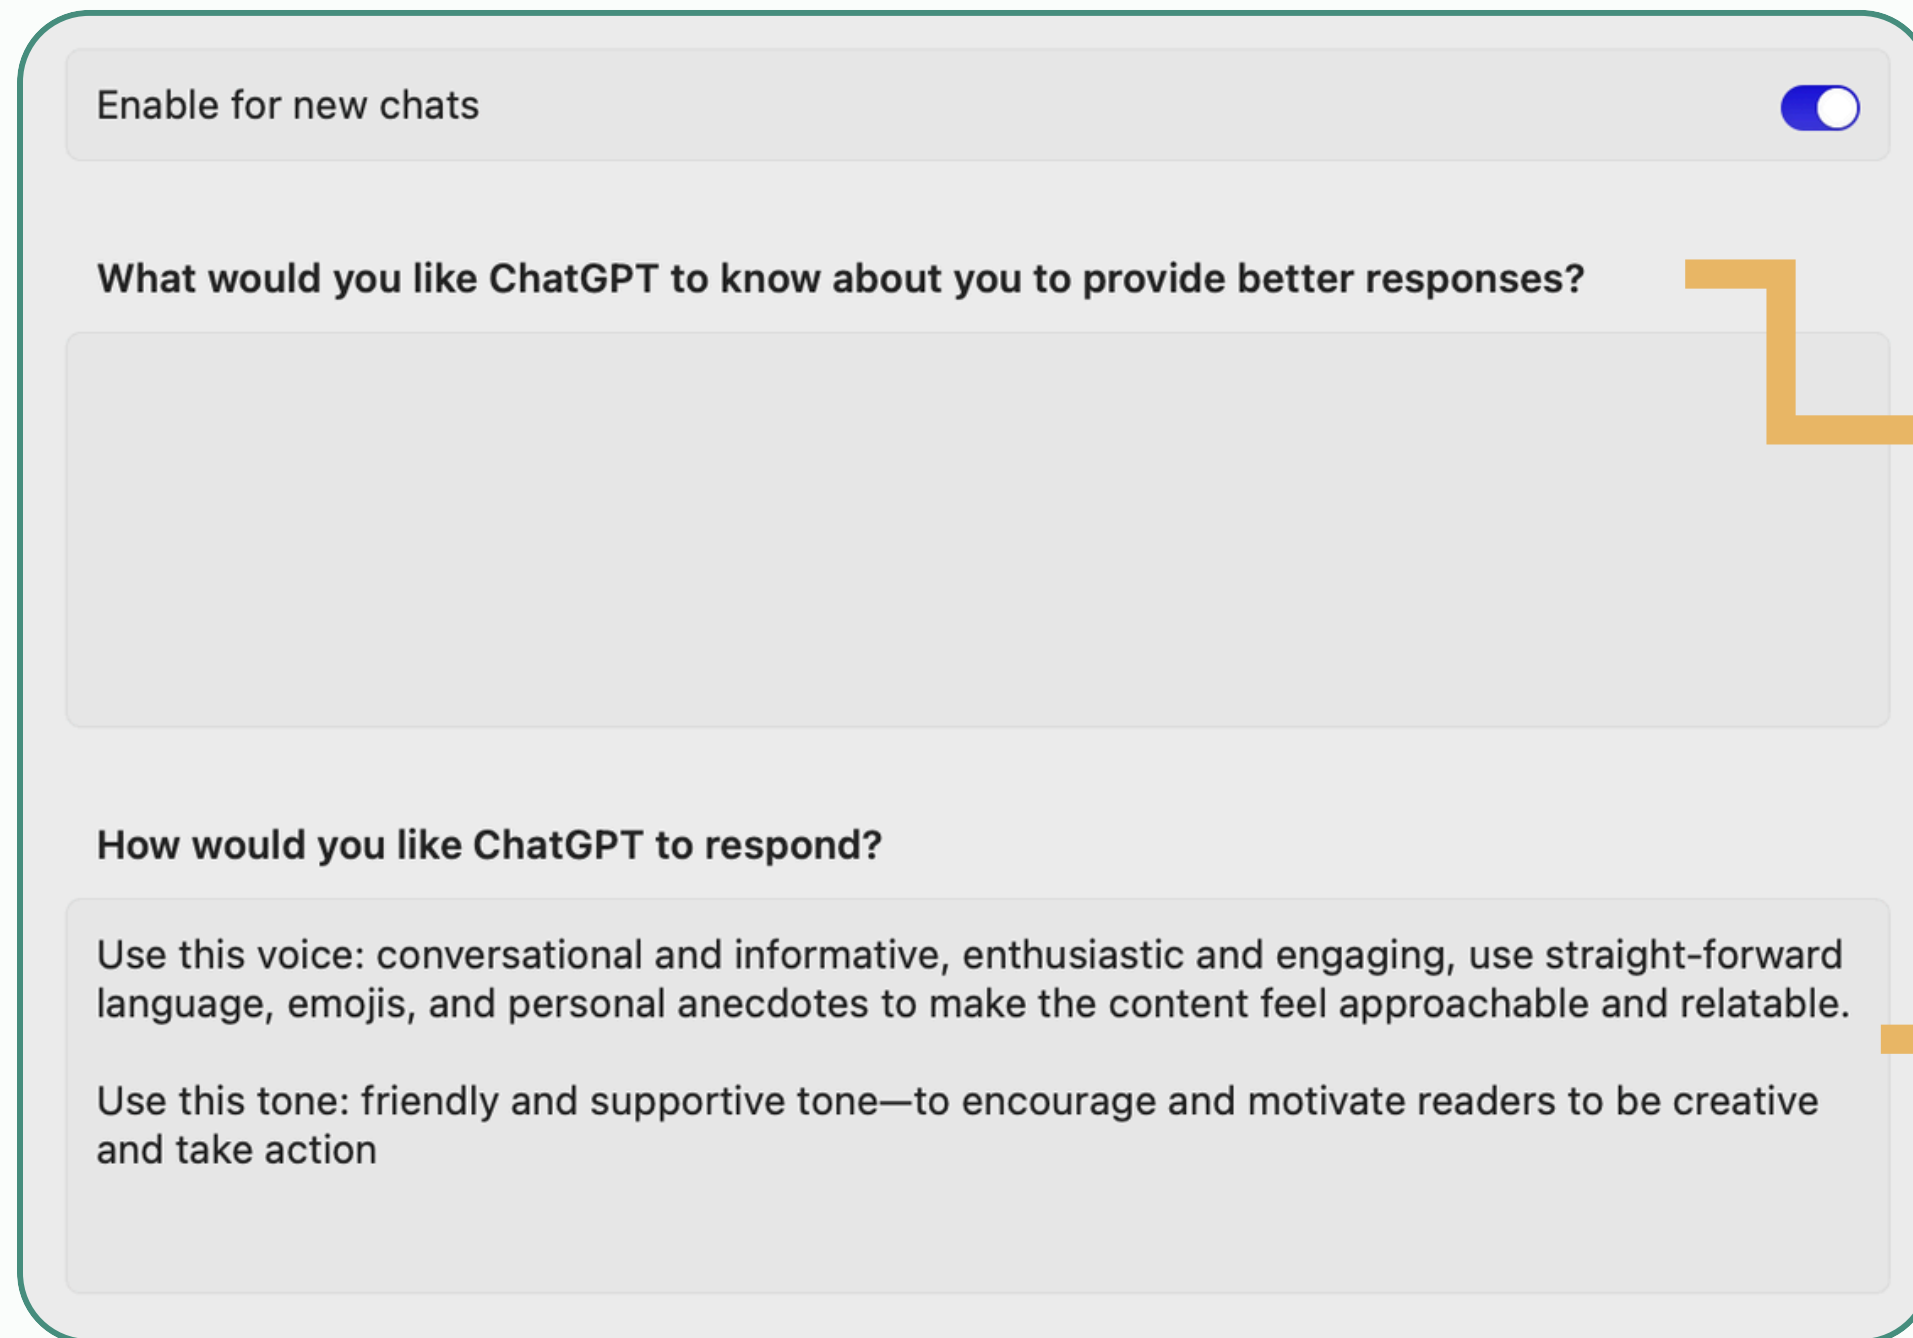

Go to **Settings > Personalize**, and Click **Customize ChatGPT**

Turn on

PRO TIP: CUSTOMIZE RESPONSE

Enable for new chats ☒

What would you like ChatGPT to know about you to provide better responses?

How would you like ChatGPT to respond?

Use this voice: conversational and informative, enthusiastic and engaging, use straight-forward language, emojis, and personal anecdotes to make the content feel approachable and relatable.

Use this tone: friendly and supportive tone—to encourage and motivate readers to be creative and take action

The image shows a screenshot of the ChatGPT customization settings. At the top, there is a toggle switch labeled 'Enable for new chats' which is turned on. Below this is a text input field with the prompt 'What would you like ChatGPT to know about you to provide better responses?'. Further down is another section titled 'How would you like ChatGPT to respond?' which contains two lines of text: 'Use this voice: conversational and informative, enthusiastic and engaging, use straight-forward language, emojis, and personal anecdotes to make the content feel approachable and relatable.' and 'Use this tone: friendly and supportive tone—to encourage and motivate readers to be creative and take action'. Two orange arrows originate from the interface: one points from the text input field to a green box on the right, and the other points from the voice/tone instructions to another green box below it.

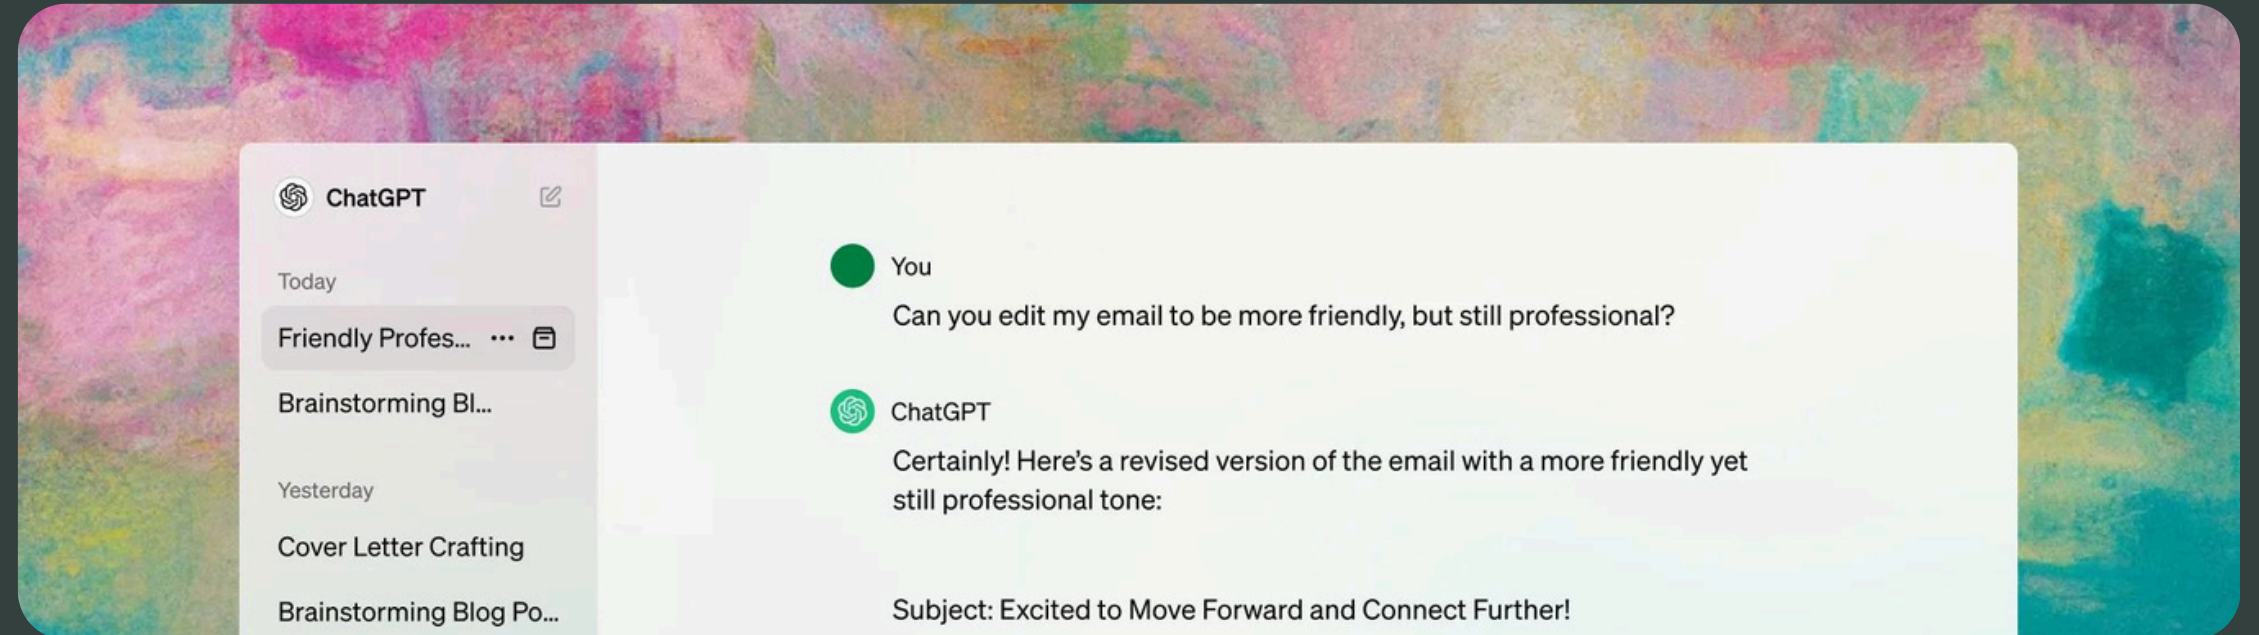

Share details about your **background, interests, and goals** so that ChatGPT can better understand you.

Provide instructions on **tone of voice, writing style, format, and structure** for output.
